Finish	Antiqued

Technical Specifications

Size	8″ × 8″ × 2″

Description

Citadel Stone’s Black Basalt Antique 8″ × 8″ × 2″ brings the softened-edge antique finish specification of our signature volcanic basalt into the compact square format and substantial 2-inch thickness suited to traditional residential hardscape and heavy-duty paving applications across the United States. The antique finish is produced through a controlled tumbling-style process that softens the sharp edges of machine-cut basalt and produces a gently weathered surface character — distinct from th...
