Citadel Stone

Product Specification Sheet | Generated November 12, 2026

Product Information

Product Name	Basalt DuoFinish Paver – Honed &

Category	Basalt Slabs, Tiles
Finish	Bush-hammered

Description

Citadel Stone’s Basalt DuoFinish Paver – Honed & Bush-Hammered is the design-driven specialty hardscape specification of our volcanic basalt range, combining two of the most architecturally significant finishes in the Citadel basalt portfolio onto a single piece. Each paver carries both a honed zone — mechanically ground to a smooth satin-matte surface — and a bush-hammered zone — mechanically impacted to a deeply textured anti-slip surface — within the same face, producing visual contrast, tact...
