Description

Citadel Stone’s Black Basalt Bush-Hammered 12″ × 12″ is the natural stone hardscape specification of choice for projects across the United States that demand authentic natural material, anti-slip safety, and the all-climate weather resilience that only volcanic basalt delivers. The 12-inch square format is the most widely-specified residential paving proportion — sized for straightforward modular installation, suited to garden walkways and paths, residential pool decks and pool surrounds, family...
