Description

Transform your landscape project into a majestic sanctuary with these premium Black Basalt Split-Face Belgian Block. Their elegant volcanic stone creates a regal walkway that withstands the test of time for decades. The Black Basalt Split-Face Belgian Blocks are made from solid igneous rock formed deep in the earth’s crust for unrivaled strength. They are extremely durable and weather-resistant,
enduring all climates and conditions. They have slip-resistant texture – split face finish that provi...
