Color	Brown

Technical Specifications

Size	12″ × 12″

Description

Citadel Stone’s Emperador Dark Marble is a premium natural marble specification for luxury interior architecture across the United States. The stone is characterised by rich chocolate-brown to deep-coffee base tones with dramatic cream-to-gold veining that creates the visual character defining authentic natural marble — every piece carries unique vein patterns, subtle tonal variation, and the depth of colour that no manufactured surface can replicate. The polished surface delivers the high-gloss...
