Ocean Reef Shellstone – Brushed 60 Grit

Citadel Stone

Product Specification Sheet | Generated November 12, 2026

Product Information

Product Name	Ocean Reef Shellstone – Brushed 60

Category	Limestone Slabs, Tiles
Finish	Brushed

Description

Ocean Reef Shellstone – Brushed 60 Grit is Citadel Stone’s signature shell-rich limestone: an ivory-to-sand stone packed with natural shell and coral fossils, finished with a 60-grit brush for a matte, barefoot-friendly texture. Hand-selected at our Middle East quarry, it’s the classic cool-underfoot choice for pool decks, patios, and walkways.
