Ocean Reef Shellstone Slabs Large Format

Citadel Stone

Product Specification Sheet | Generated November 12, 2026

Product Information

Product Name	Ocean Reef Shellstone Slabs Large

Category	Limestone Slabs, Tiles

Description

Citadel Stone’s Ocean Reef Shellstone Slabs Large Format brings the signature coral-born limestone of our Ocean Reef range into the oversized architectural slab specification designed for grand-scale installations across luxury residential, hospitality, and commercial projects in the United States. Each slab is hand-selected from Mediterranean and Middle Eastern reef-formation deposits for fossil content, colour consistency, and structural integrity at large format. The visible record of the sto...
